

Trellis 

2017 Annual Report

STRENGTHENING OUR CORE.

From the CEO

Strength, Exercise, Central Core

“Your core muscles are the sturdy central link in a chain ... No matter where motion starts, it ripples upward and downward to adjoining links of the chain ... properly building up your core cranks up the power. A strong core also enhances balance and stability. Your core is your body’s powerhouse. A strong, flexible core underpins almost everything you do.”

(Harvard Health Publishing, the media and publishing division of the Harvard Medical School).

While 42 years is evidence of our uncompromising strength, it’s important to regularly take a look at our core – our operations, as well as our products and services – in response to what’s happening in our external environment. Making sure each link in our operation is working at its best, examining our business models to ensure their effectiveness in meeting the needs of our clients and accurately assessing the market in which we operate are critical for our sustainability. As such, **Trellis spent 2017 STRENGTHENING OUR CORE.**

As an organization, we reduced expenses and with staff retirements and strategic hires, we better allocated and balanced resources to increase our financial stability and ensure our nimbleness.

The core of the work that Trellis does has always been in counseling and education. Our efforts were rewarded by having our **Home Advising Team** ranked #1 in the US by eHome America, the premier provider of web-based education programs for prospective first-time home-buyers.

To assess that our hard work was balanced, our targets were accurate and our impacts were reflective of our efforts, in one of our core neighborhoods we conducted our **3rd Garfield Community Study**. And, in our continuing efforts to help revitalize our core community, we participated, along with the **Phoenix Community Alliance’s McDowell Road Revitalization Committee**, the **City of Phoenix**, the **Miracle Mile Merchants Association**, and **Keep Phoenix Beautiful**, in the **Miracle Mile Clean-Up** of McDowell Rd.

Critical “links in our chain” are our satisfied clients. They shared their stories and answered questions about home loans, classes, credit scores and assistance programs for first-time home-buyers at our “**Open the Door to Homeownership**” campaign event, hosted by **HomeMatters** and **US Bank**. Trellis was one of four housing agencies in the United States, invited by **HomeMatters America**, to reach out to prospective homeowners in this campaign.

We also launched **SalesForce**, a customer relationship management system that reduced the costs of serving customers and made it easier for them to access our services. They can now go online to create their personal account; upload documents; schedule appointments with Trellis staff; enroll for classes; pay for services; and communicate easily with their personal advisor.

To help meet the increased demand for affordable housing, we unveiled preliminary development plans for a group of townhomes in central Phoenix, our geographical core. The construction of 20 unit town homes, ranging from 2 to 3 bedrooms at 1,400 to 1,800 square feet, is scheduled to start in late-2018.

We cranked up our power in 2017 and invested in our core – setting the stage to be able to offer the best products and services, in the most cost-effective manner, to best meet the needs of our clients and our communities in the coming years. Combining the strength of our staff, the dedication of our Board and the concerted efforts of all of our partners, Trellis will meet 2018 a more balanced and stable powerhouse poised and eager to address all organizational challenges and market realities.

Patricia Garcia Duarte
President and CEO

ACCOMPLISHMENTS

1,215 HOUSEHOLDS

received pre-purchase, post-purchase, reverse mortgage and foreclosure intervention counseling
